# About us

*Box della Salute is an Italian innovation created to make preventive care and basic health services more accessible to everyone.*

Developed by a team of medical tech experts, it combines cutting-edge diagnostic tools and telemedicine in a compact, user-friendly unit.

Designed to be both efficient and eco-conscious, the Box della Salute offers a smarter, more sustainable approach to healthcare—reducing costs and making services available to more people, in more places.

**WEALTY**  
SUSTAINABLE LIFE

# How It Works

*30+ health checks in minutes—anywhere, no medical staff required.*

- Enter the Box securely and privately.
- Follow simple on-screen instructions to begin your check-up.
- Use the integrated devices — ECG, blood pressure monitor, oximeter, thermometer, and more.
- View your results instantly through your personal digital health profile.
- Connect with a remote doctor if needed.

# What's Inside

Each Box includes:

- 12-lead ECG
- Thermometer and pulse oximeter
- Blood pressure monitor
- Height and weight measurement
- Otoscope and dermatoscope
- Fully automated sanitization system

**REGISTERED WITH THE ITALIAN MINISTRY  
OF HEALTH.**

**ALL MEDICAL DEVICES ARE CE CERTIFIED (CLASS I AND IIA)**

# Who It's For

## FOR INDIVIDUALS

- Quick access to essential health checks
- No appointment needed
- Results immediately available in your health record

# Who It's For

## FOR HEALTHCARE PROVIDERS & ORGANIZATIONS

- Reduces pressure on GPs
- Helps manage chronic conditions early
- Extends healthcare reach to underserved communities

# Ideal Locations

**Perfect for any high-traffic or underserved area.**

- Pharmacies
- Shopping centers
- Workplaces and factories
- Airports, train stations, and sports facilities
- Rural towns and municipalities
